# Range of motion Z-60 FE

<sup>(1)</sup> The metric equivalent of working height adds 2m to platform height. The imperial equivalent adds 6ft to

platform height.
(2) Gradeability applies to driving on slopes and may vary depending on options and machine configurations.

<sup>(</sup>a) Gradeability applies to unifing or slopes and may vary depending on options and machine configurations. See operator's manual for details regarding slope ratings.

(3) Weight refers to standard configuration and may vary depending on options and/or country standards.

(4) Floor loading information is approximate and may vary depending on options and machine configurations. It should be used only with adequate safety factors.
