Increase Your Productivity

A variety of accessories are available to help maximize safe productivity while operating Genie® equipment. It pays to understand what's available so you can set yourself apart. In fact, you count on a selection of practical, adaptable accessories because they are critical – sometimes required – on certain jobsites. Consider what Genie has to offer.

Lift Tools™ Access Deck

Genie® Boom Lift Accessories

Our commitment doesn't end when you purchase a boom. We offer accessories that add to the quality you receive when you choose Genie.

Tech Pro™ Link

Allows users to monitor a machine's gauges, including engine temperature, oil pressure, fuel levels and battery voltage, calibrate the machine, make speed adjustments during pre-operation inspection, get service alerts and reminders, track maintenance intervals, receive fault code information and so much more – all from the palm of your technician's hand.

Load Sense Calibration Kit

Calibrate your load sense system to 1000 lb (454 kg), without the hassle of loading weights into the platform. Can be quickly and easily performed in less than 10 minutes by 1 person. The kit contains a carrying case, rigging, scale, chain hoist, and instructions manual.

PART NO.	AVAILABLE ON
1276686GT Kit, Tech Pro Link	<p>CAN-enabled control systems:</p> <p>Mid-sized Genie S® telescopic Xtra Capacity™ (XC™) booms.</p> <p>Genie booms with a Plus1 control system such as the Z®-33/18, Z-40/23 N and Z-60 FE.</p> <p>Genie GS™ scissor lifts & GR's equipped with SmartLink™ control systems.</p>

PART NO.	AVAILABLE ON
1305508GT	<p>All Genie S boom lifts, Z-45 XC, Z-45 HF, Z-45 FE, Z-45 DC, Z-60 FE, Z-60 DC, ZX™-135 XC</p>

= Factory Installed = Aftermarket

Platform Control Box Cover

This accessory helps prevent loose debris from getting into the control box by closing overtop of the machine's platform controls.

Auxiliary Rail

The auxiliary top rail platform accessory is an additional railing system that can be quickly and easily mounted on the outside of a Genie boom's standard platform rails. This railing system adds an extra measure of security for the operator when working at height.

PART NO.	AVAILABLE ON
119795GT*	Z [®] -30/20, Z-34/22, Z-40/23, Z-45/25, Z-45 XC [™] , Z-60/37 DC & FE, Z-62/40, Z-80/60, ZX [™] -135/70, S [®] -40/45 XC, S-60 XC, S-65 XC, S-80 XC, S-85 XC, SX [™] -135 XC

PART NO.	AVAILABLE ON
121266GT 6 ft (1.8 m) platform with swing gate	Z-30/20N, Z-34/22 DC & IC, Z-40/23N, Z-45/25 DC&RT, Z-45 XC, Z-60/37 DC & FE, Z-62/40, Z-80/60, ZX-135/70, S-40/45 XC, S-60/65 XC, S-80/85 XC, SX-105 XC, SX-125 XC, SX-135 XC
121267GT 8 ft (2.4 m) platform w/ swing gate	

* Standard feature on the SX-105 XC and SX-125 XC.

= Factory Installed = Aftermarket

LIFT GUARD™

As Genie® protective solutions continue to evolve, Genie Lift Guard products are a generation of accessories that can, in some circumstances, provide additional operator protection while working at height. Genie Lift Guard secondary guarding accessories are simple to use, and when used in conjunction with operator training required by industry standards worldwide, can enhance safe work practices on aerial jobsites.

Contact Alarm

Engineered as an electronic secondary guarding system, the Genie Lift Guard Contact Alarm System is designed to stop boom functions and alert ground personnel when an operator makes contact with the activation cable. This new feature is configured as a standard accessory on new Genie Z® (articulated) and S® (telescopic) boom lifts, and it is retrofit able on booms dating back to 2006.

Fall Arrest Bar

The Genie Fall Arrest Bar has a sliding track, which is designed to allow the operator to be anchored with a fall arrest lanyard while providing them the ability to move freely on an adjacent structure while outside of the platform. Attaches quickly and easily for fast setup and removal. Track assembly de-rates the maximum platform capacity by 50 lb (22.68 kg).

Operator Protective Structure (OPS)

Bolting directly to the platform, this secondary guarding device helps provide additional protection to the operator from overhead obstacles on a work site. The Genie OPS is made of high strength tubular steel and allows for excellent visibility and work range.

PART NO.	AVAILABLE ON
1279134GT - 6 ft (1.8 m) - 8 ft (2.4 m) platform ALC1000	All S and Z booms
1279135GT - 6 ft (1.8 m) - 8 ft (2.4 m) platform NON-ALC1000	

PART NO.	AVAILABLE ON
1256377GT - 8 ft (2.4 m) Word decal	6-ft (1.8 m) or 8-ft (2.4 m) platforms
1256378GT - 6 ft (1.8 m) Word decal	
1261018GT - 8 ft (2.4 m) French decal	
1261019GT - 6 ft (1.8 m) French decal	

PART NO.	AVAILABLE ON

* Most models are backwards compatible.
Please check your parts manual.

 = Factory Installed  = Aftermarket

LIFT [^] GUARD™ | PLATFORM MESH

Prevent dropped objects with these full-height and half-height aluminum mesh panels. These durable, yet lightweight panels attach securely to your platform for a lasting solution.

Full Mesh Platform

Covers all four sides of the platform, from the floor to the top rail, without obstructing the lanyard attachment points on the rail.

Half Mesh Platform

Designed to cover the lower half of the boom platform area, from the floor to mid-rail.

PART NO.	AVAILABLE ON
1286622GT - 6 ft (1.8 m) full mesh, side gate	6-ft (1.8 m) or 8-ft (2.4 m) platforms
1283049GT - 8 ft (2.4 m) full mesh, side gate	
1290895GT - 6 ft (1.8 m) full mesh, front gate	
1290896GT - 8 ft (2.4 m) full mesh, front gate	

PART NO.	AVAILABLE ON
1275282GT - 6 ft (1.8 m) half mesh, side gate	6-ft (1.8 m) or 8-ft (2.4 m) boom platforms
1275281GT - 8 ft (2.4 m) half mesh, side gate	
1290893GT - 6 ft (1.8 m) half mesh, front gate	
1290894GT - 8 ft (2.4 m) half mesh, front gate	

= Factory Installed = Aftermarket

LIFT[^]TOOLS™

Genie® Lift Tools accessories are productivity tools designed to make operators more efficient when working at height. These accessories also promote best practices for safe use and increased performance while operating Genie booms.

Expo Installer

An indoor-use only aftermarket accessory that allows for precise, easy placement of signs, banners and hanging decor. This accessory is designed to make operators more efficient when working at height.

Panel Cradle

For use lifting drywall, glass panes, plywood and other material that comes in panels up to 250 lb (113.4 kg). The panel cradle allows operators to place materials outside of the platform for access at height. Includes the cradle, two foam cushions and load retaining strap. The combined weight of attachment, panels, occupants and tools must not exceed the platform rated capacity.

Access Deck-Booms

Provides operators with an approved secondary surface to work from, elevating them 22 in (0.56 m) above the platform floor, with a 300 lb (136 kg) load capacity. Attached to the platform midrail, this additional access enables operators to get into restricted spaces to increase productivity.

PART NO.	AVAILABLE ON
1285719GT - 6-ft (1.8 m) KIT ANSI/CSA, Word Decals	Z [®] -45/25J, Z-45/25J RT, Z-45/25 RT, Z-45 XC™, Z-51/30J RT, Z-60/37 DC & FE, Z-62/40, S [®] -40/45 XC, S-60/65 XC compatible with single entry and side-entry swing gate platforms (manufactured after 2015).
1290034GT - 6-ft (1.8 m) KIT CSA, French Decals	
1288801GT - 8-ft (2.4 m) KIT ANSI/CSA, Word Decals	
1290036GT - 8-ft (2.4 m) KIT CSA, French Decals	

PART NO.	AVAILABLE ON
1298841GT*	Z-45 DC/BE (to serial number Z4525F-62000), Z-45 XC, Z-60, Z-62, Z-80, ZX™-135, S-40/45 XC, S-60/65 XC, S-60X, S-60/65 TraX™, S-80/85 XC, S-80/85 HF, S-80X, SX™-105 XC, SX-125 XC, SX-135 XC

* Not compatible with the old style bolt on platform toeboards, for platforms with the bolt on toeboard and for most platforms manufactured before 2016, use P/N 77683GT

PART NO.	AVAILABLE ON
1291798GT	8-ft (2.4 m) boom platforms with tri-entry gate or side-entry swing gate (manufactured after 2015)
1293700GT	6-ft (1.8 m) boom platforms with side entry swing gate

= Factory Installed = Aftermarket

Booms Tool Tray

Designed to help eliminate clutter and potential tripping hazards by providing operators and workers with a convenient place to store their tools, fasteners and small materials in the platform.

Pipe Cradle

This accessory reduces the risk of fatigue by providing a secure way to lift pipes when working from an S- or Z- boom lift. Genie pipe cradles deliver stability and rigidity with a robust design which transfers the load away from the guard rails and onto the platform deck. The pipe cradle assembly mounts easily to the platform guardrails with U-bolts and rests on the floor of the platform when installed.

PART NO.	AVAILABLE ON
1275089GT	All S® boom lifts and all Z® boom lifts from the Z-45 and up

PART NO.	AVAILABLE ON
56572GT - Kit	Z-30/20N, Z-34/22, Z-40/23N, Z-45/25, Z-45 XC™, Z-51/30J, Z-60 DC/FE, Z-62/40, Z-80/60, ZX-135/70, S-40 XC, S-45 XC, S-60X, S-60 J, S-60 TraX™, S-60 XC, S-65 TraX, S-65 XC, S-80 J, S-80X, S-80 XC, SX™-105 XC, SX-125 XC, SX-135 XC, SX-150, SX-180
85300GT - Individual Pipe Cradle	

= Factory Installed = Aftermarket

Platform Protection Accessories

Contain dropped objects, spills, and other materials inside your platform. Designed for safety and durability, these products are made specifically for Genie's 8 ft platforms.

Lift Pan

Designed for spill containment of liquids and dry materials, the Lift Pan is made from high strength vinyl, with windows to aid visibility. Features a drain valve to easily drain and properly dispose of any spilled liquids and holds up to 15 gallons (130 lb)*.

PART NO.	ITEM
LPB8GNEJ-G21	LIFT PAN
BAGLP8	CARRY BAG

Lift Shield

Ensure your tools and materials stay inside the platform. The Lift Shield includes two side-entry openings and one front opening that work with multiple basket entry configurations. Also, an easy-to-install tensioning system that connects to the inside of the basket.

PART NO.	ITEM
LSB8GNE21	LIFT SHIELD
BAGLS8	CARRY BAG

Screen Mat

Made with two layers of cell foam with a layer of high strength mesh in between, for visibility and durability. The mesh barrier catches small materials such as nuts, bolts and trim waste, minimizing potential hazards or contamination from dropped objects. The Screen Mat also has cushioning which helps prevent worker fatigue, reduces strain on the body, and increases productivity.

PART NO.	ITEM
LSMB8GNE21	SCREEN MAT
BAGLSM8	CARRY BAG

*Do not exceed rated platform capacity.

= Factory Installed = Aftermarket

Genie® Scissor Lift Accessories

We design Genie scissor lifts to bring safety and efficiency to every jobsite. Genie accessories are designed to enhance productivity for special applications when working at height.

Lift Tools™ Work Tray

Simple solution for storing small tools within reach. Installs on the upper or lower railing of GS™ scissor lifts, or on top of the platform support of GR™s.

Lift Tools Access Deck

Provides operators with a secondary work surface to elevate them above the platform floor for a productive solution to access hard-to-reach areas. This additional deck has a 225-lb (102 kg) capacity, and installs to the inside of the extension deck guardrails. It is designed with a collapsible guardrail to ensure uninhibited maneuverability for operators using this new accessory.

Lift Tools Spill Guard

This option reduces the risk of costly hydraulic leaks, allowing you to work over sensitive surfaces without concern. This accessory can be field retrofitted in less than fifteen minutes. It only requires a one-time installation with easily replaceable absorbent pads.

PART NO.	AVAILABLE ON
1298461GT Scissors - 50 lb (22 kg)	GS-1530, GS-1532, GS-1930, GS-1932, GS-1932 XH, GS-2032, GS-2632, GS-3232, GS-2046, GS-2646, GS-2646 XH, GS-3246, GS- 3246 XH, GS-4046

Lift Tools™ Panel Carrier

Holds your windows, dry wall and plywood. Max panel size 4 ft high x 8 ft. Installs quickly and easily. Indoor use only.

The panel cradle allows operators to place materials outside of the platform for access at height.

PART NO.	AVAILABLE ON
1298465GT (mini slabs) - 100 lb (45 kg)	GS™-1530, GS-1532, GS-1930, GS-1932, GS-1932 XH
1298464GT (large slabs) - 100 lb (45 kg)	GS-2032, GS-2632, GS-3232
1298464GT (large slabs) - 200 lb (90 kg)	GS-2046, GS-2646, GS-2646 XH, GS- 3246, GS-3246 XH, GS-4046

Lift Tools Pipe Cradle

Securely carry conduit, ducting and piping, up to 6" in diameter. Features a nylon strap to hold material in place. Indoor use only.

PART NO.	AVAILABLE ON
1298463GT - 215 lb (97 kg)	GS-1530, GS-1532, GS-1930, GS-1932, GS-1932 XH, GS-2032
1298463GT - 100 lb (45 kg)	GS-2632, GS-3232, GS-3246, GS3246 XH, GS-4046
1298463GT - 445 lb (201 kg)	GS-2046, GS-2646, GS-2646 XH

Lift Tools Material Carrier

Ideal for use in applications that require lifting materials to height, such as tilt-up construction, post-frame building construction, fire suppression installation, HVAC installation, rooftop contracting and facility maintenance. This accessory is suitable for a multitude of material types, including lumber, pipe, HVAC materials, siding and plate material.

PART NO.	AVAILABLE ON
1288239GT	GS-2669 DC, GS-2669 RT, GS-3369 DC, GS-3369 RT, GS-4069 DC, GS-4069 RT, GS-3390, GS-4390, GS-5390

* Dual Zone machines only. Please consult operator's manual for serial range compatibility or visit Parts.GenieLift.com.

= Factory Installed = Aftermarket

Genie® Telehandler Accessories

Get more and do more without having to buy additional machinery. Just add one, two or more of the available accessories for your Genie telehandler to get more productivity from a single unit. Accessories add job flexibility and improve efficiency.

Fire Extinguisher

An extra safety feature available for your Genie Telehandler

Flashing Beacon

These orange flashing lights mounted to the top of the telehandler's cab, warn workers when the telehandler is in motion or operation.

PART NO.	AVAILABLE ON
123563GT	GTH™-5519, GTH-636, GTH-844, GTH-1056, GTH-1256 and GTH-1544

PART NO.	AVAILABLE ON
58.1701.4047GT	GTH-5519, GTH-636, GTH-844, GTH-1056, GTH-1256 and GTH-1544

= Factory Installed = Aftermarket

Rear Proximity Alarm

This accessory uses sensors to identify any potential obstacles within close radius to the back of the machine and alerts the operator via visual and audio warnings.

PART NO.	AVAILABLE ON
1257987GT - Sensor	GTH™-5519, GTH-636, GTH-844, GTH-1056, GTH-1256 and GTH-1544
1257988GT - Display	
1275497GT - Kit	

Hydraulic Quick-Attach Coupler

With hydraulically activated retention pins, the Hydraulic Quick-Attach Coupler allows the operator to fully couple or de-couple an attachment from inside the cab without needing to manually remove or install the lower retention pin.

AVAILABLE ON
GTH-5519, GTH-1256 and GTH-1544

= Factory Installed = Aftermarket

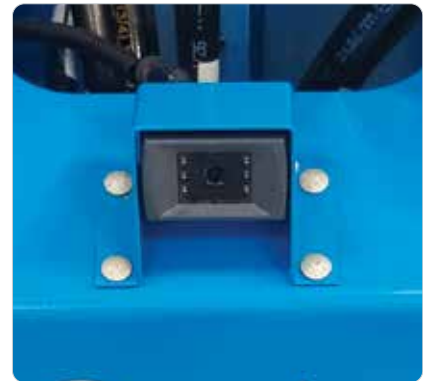

Road Lights

Road lights include turn indicators and headlights, one reverse light and two rear lights for stop, turn and tail light functions.

Work Lights

Increase productivity in low-light conditions with an optional work light, which functions as a headlight and a rear cab-mounted work light for visibility when maneuvering the machine into place.

GTH™ Backup Camera

This kit includes a rear-facing camera and a screen monitor that mounts inside the cab. The camera integrates with the Rear Proximity Alarm to provide an on-screen overlay if an object is detected in the radar field. This option is currently only available on new production machines.

PART NO.	AVAILABLE ON
1264489GT KIT - GTH-636	GTH™-5519, GTH-636, GTH-844, GTH-1056, GTH-1256 and GTH-1544
215416GT KIT - GTH-1056	
215637GT KIT - GTH-844	

PART NO.	AVAILABLE ON
108332GT	GTH-5519, GTH-636, GTH-844, GTH-1056, GTH-1256 and GTH-1544
121801GT	

AVAILABLE ON
GTH-5519, GTH-1256 and GTH-1544

Genie® Aerial Work Platform Accessories

Genie aerial work platforms are easy to use and cost effective, making them the first choice for a wide range of applications. Each model offers a variety of accessories to customize your machine.

Outreach Package

Provides over 2 ft (61 cm) of additional horizontal reach. Ideal for maneuvering up and over shelves, machinery and equipment.

PART NO.	AVAILABLE ON
124868GT	Available on Genie IWP™-20S only

Dual Bike Hooks

A convenient way to lift bicycles up to or down from high displays or warehouse shelving- no need for the operator to lift, maneuver or hold the bicycle in the platform.

PART NO.	AVAILABLE ON
145310GT - Symbol Decals	QS™ Models
145309GT - Word Decals	

**Not available with rear parcel tray*

Fluorescent Tube Caddy

A convenient way to store multiple fluorescent lights in one location.

PART NO.	AVAILABLE ON
38226GT	AWP™-20S, AWP-25S, AWP-30S, AWP-36S, AWP-40S, AWP-20S DC, AWP-25S DC, AWP-30S DC, IWP-20S, IWP-25S, IWP-30S, GR™-12, GR-15, GR-20, GRC™-12

** Not available with EE Certification **Not available on fiberglass platform*

= Factory Installed = Aftermarket

Operational Warning Light and Descent Alarm Package

The flashing light alerts operators when the machine is descending.

AVAILABLE ON
AWP-20S, AWP-25S, AWP-30S, AWP-36S, AWP-40S, AWP-20S DC, AWP-25S DC, AWP-30S DC, IWP-20S, IWP-25S, IWP-30S

Genie® Material Lift Accessories

These versatile lifts offer a large selection of accessories providing the opportunity to create just the lift you need.

Platform Cradle Package

Available as an accessory to handle oddly-shaped items.

PART NO.	AVAILABLE ON
20200GT	GH™ 3.8 and GH 5.6

20 lb (9 kg) CO₂ tank

The one size fits all bottle mounting bracket accepts any common CO₂ bottle size. This extra 20 lb (9 kg) CO₂ tank is available as an accessory.

PART NO.	AVAILABLE ON
2176GT	GH 3.8 and GH 5.6

Aluminum Ladder

Attaching this sturdy accessory makes your Genie lift a combination lift truck and stepladder for increased access to lifting and installation tasks.

PART NO.	AVAILABLE ON
37172GT	Standard and Straddle based models of GL™-4, GL-8, GL-10, GL-12

Flat Forks

Widen from 16 to 31 in (41 to 79 cm) to provide proper support, allow you to easily lift your load off of flat surfaces.

PART NO.	AVAILABLE ON
32566-SGT	SLA™-5, SLA-10, SLA-15

Captive Stabilizer

With patented locking system provides additional lateral support for heavy loads.

PART NO.	AVAILABLE ON
37481GT - SLA Set	SLA-5, SLA-10, SLA-15, SLA-20, SLA-25, SLC™-12 (standard on SLC-18 and SLC-24)

Pipe Cradle

Helps hold odd shaped items in place for easy lifting.

PART NO.	AVAILABLE ON
32569-SGT	All SLA and SLC

= Factory Installed = Aftermarket

Boom Option - GL™

Capable of lifting up to 500 lb (227 kg) at 14 in (36 cm) and up to 300 lb (136 kg) at 20 in (51 cm) of reach.

PART NO.	AVAILABLE ON
37086GT - Kit	GL-4, GL-8, GL-10, GL-12
5143GT - Hook	

Standard Forks

Accommodate various loads for versatile lifting. Get an additional 21 in (53 cm) of lift by turning over and re-pinning the forks.

PART NO.	AVAILABLE ON
35293-SGT	GL-4, GL-8, GL-10, GL-12
32906GT	SLA™-5, SLA-10, SLA-15, SLA-20, SLA-25
33984GT	SLC™-12, SLC-18, SLC-24

Adjustable Forks

Widen from 11.5 to 30 in (28 to 76 cm) to accommodate diverse loads.

PART NO.	AVAILABLE ON
107161GT	SLA-5, SLA-10, SLA-15, SLA-20, SLA-25
33543-SGT	SLC-12, SLC-18, SLC-24

Boom Option

Transforms your lift into a mobile, vertical crane or hoist to position tooling fixtures, circuit breakers, engines and more.

PART NO.	AVAILABLE ON
32567-SGT	All SLA and SLC

Load Platform

Fits over the forks to handle odd-sized or heavy objects- no tools required for installation. Can also be used as a portable work table.

PART NO.	AVAILABLE ON
37148GT	GL-4, GL-8, GL-10, GL-12
32937GT	SLA-5, SLA-10, SLA-15, SLA-20, SLA-25
35021GT	SLC-12, SLC-18, SLC-24

Fork Extensions

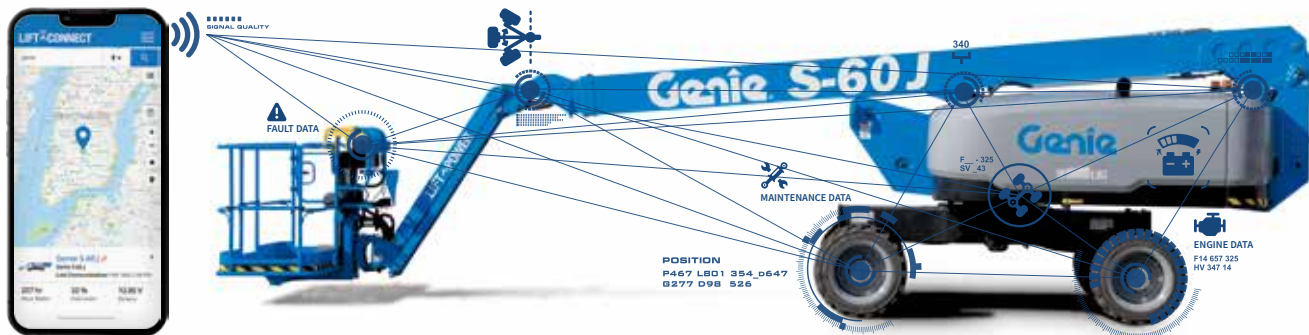

Insert onto standard forks for an additional 25 in (64 cm) of length.

PART NO.	AVAILABLE ON
58158GT	All SLA and SLC

= Factory Installed = Aftermarket

LIFT CONNECT™

Take control of your fleet with Genie® Lift Connect telematics. The Lift Connect program provides fleet managers and service managers with tools to maximize efficiency and minimize downtime. We also provide data in an easy to use portal or via your existing API.

Lift Connect

No matter what size equipment fleet you have, equipment management is something you do every day. Today's Genie Lift Connect telematics technology has evolved so that you can take action quickly to maximize productivity and minimize downtime.

Aftermarket Genie Lift Connect retrofit kits can be installed on Genie units equipped with a telematics-ready connector, dating back to 2015.

PART NO.	DESCRIPTION
1309418GT	Genie Lift Connect North America Retrofit Kit

Lift Connect Subscription Renewal

Continue to leverage enhanced OEM data to reduce your service costs. Consume your data how you like either via an APO, Lift Connect Portal, Near me App and/or all options.

By renewing your subscription, you will be eligible for future data and value-added services enabled by Lift Connect.

PART NO.	GENIE LIFT CONNECT SUBSCRIPTION
1294987GT	1 Year Extension
1294988GT	2 Year Extension
1294989GT	3 Year Extension
1294990GT	4 Year Extension
1312797GT	1 Year Extension + Access Manager
1312798GT	2 Year Extension + Access Manager
1312799GT	3 Year Extension + Access Manager
1312800GT	4 Year Extension + Access Manager

LIFT CONNECT™ | ACCESS MANAGER

Access Manager RFID Card

Secure access to your equipment with RFID cards. These are compatible with the Lift Connect Access Manager and can be programmed through the portal to restrict access to a machine unless authorized. Ensure that only properly trained operators will be operating equipment while opening your business to new rental opportunities.

Access Manager

Improve jobsite security by being able to assign a unique code to an individual OR use an Access Manager RFID card. The Unit can only be started when operator enters an authorized code on the keypad. This option opens up new solutions and flexibility for managing equipment on large jobsites.

The Genie logo features the word "Genie" in a bold, white, sans-serif font. A small registered trademark symbol (®) is located at the bottom right of the word. Above the letter 'i', there is a white upward-pointing arrowhead.The "QUALITY BY DESIGN" logo consists of the words "QUALITY" and "DESIGN" in a bold, white, sans-serif font, with "BY" in a smaller font size between them. A white upward-pointing arrowhead is positioned above the letter 'I' in "DESIGN". Below this logo, a white rectangular box contains the text "LEARN MORE AT GENIELIFT.COM" in a bold, blue, sans-serif font.
